Hello Shachar,

Hope you had a good Tuesday! Here is my first round of responses, in document form, more to come! I'll be having some more discussions with some connections tomorrow and also sending you a dropbox link to my documentary storyboard.

The document below includes a LOT. Right now I wanted to get you a big round of info as I have it and I envision a next step / deeper dive to dig more for US related specificities.

I am also forwarding you two emails with relevant attachments (denoted in the attached response doc) from Oscar, who is a great asset. He lives in Norway but is originally Dutch, born in BCC with a prominent father. He left in the early 90's. He runs four Facebook groups (two public, two private in Norway and Holland) for former members and to disseminate information. One of these pages was hacked by BCC and used as social pressure / ongoing abuse against former members a few years ago. Oscar has written multiple article series revealing the lies and schemes (more on the abuse side) and translated them into English. There's a link to that page in my response doc also.

Look forward to your thoughts, and hope this helps rather than overwhelms ;) Excited to keep pushing forward!

Best,

Heidi

Thanks so much for the conversation. There's a lot for me to catch up on and understand. Here are some documents you referenced. Would be great to get a hold of so I can start reading:

- Document you created as roadmap to the conversation
- (IF YOU WANT) storyboard you designed of main points.
- ANY evidence re money trail either to or from the US ending up w the leaders. Or just being parked here in the US
- Any evidence of leaders enriching themselves thru loans.
- List of David Columns and how much each child is worth – anywhere in the world, but the US is of particular interest.
- Blog of guy from Detroit out of the Church for 5 years.
- Names of lawyers from Jones Day involved in this (don't need you to reach out to them, just their names.)
- Any information re Victory, NY, center of operations and expansion, including any information re conference location.
- Date of next Summer Conference and any details
- Who is the Canadian witness and what can s/he add?
- You said there was a “final decision” reached on April 18 re Switzerland, Cyprus, and Canada. What is that?
- Any article in any language that you think is relevant to this story.
- Any press publications discussing child labor and the church
- News stories re German brothers and lamp company
- CAN BE DONE LATER: video clips of leaders talking re \$\$\$, especially in connection to US.
- Anything else.

Many thanks!!!! SB
